2                               P R O C E E D I N G S

3                               COUNCILMAN COHEN: The Law and  
4                               Government Committee hearing, which was scheduled  
5                               for a hearing this afternoon on Resolution No.  
6                               990066 and Bill No. 990056, both related to a  
7                               proposed amendment to the Home Rule Charter of the  
8                               City relating to school governments, is going to  
9                               be recessed until Monday morning, June 14th, at 10  
10                              o'clock.

11                             We're sorry for the inconvenience  
12                             caused. We've been searching to find the fifth  
13                             member of the committee. There are eight members  
14                             on our committee, and we need five for a quorum.  
15                             I've become convinced that we're not going to get  
16                             more than four today and so we're recessing the  
17                             hearing until this Monday morning, at 10 o'clock.

18                             Now, there will be no other notice.  
19                             Because the hearing is being recessed to this  
20                             specific time, there will be no advertisement and  
21                             so this is official notice. We urge all people --  
22                             we're sorry for any inconvenience caused but it's  
23                             important that if you have any views with respect  
24                             to the proposed amendment, that you be here to  
25                             express your points of view.

1                   6/9/99 LAW & GOV'T COMM.

2                   So that's this Monday, June 10th --  
3                   things change very rapidly in this world. The  
4                   announcement I made before I'm going to partly  
5                   withdraw. It will be Monday June 14th, at 12  
6                   o'clock, which may be a better time for everybody.  
7                   So Monday, June 14th, 12 o'clock. The Law and  
8                   Government Committee's consideration of the  
9                   resolution and the bill I referred to relating to  
10                  school governance, that hearing will be recessed  
11                  until this Monday, June 14th, at noon.

12                  And with regrets to the committee for  
13                  having called you here today, but this perhaps  
14                  will get you more time to have others informed  
15                  about the hearing.

16                  Until Monday June 14th, at noon.

17                  Thank you all.

18                  (Adjourned at 3:30 p.m.)
